Get Involved!

The charrette includes a variety of ways to provide input, share ideas and get involved. Come help us shape the future!

Hands-on Workshop

Monday, April 16, 6 to 8pm

Join us for a hands-on workshop, an interactive, participatory session where we will discuss future land use and zoning changes, as well as look at potential truck routes and bicycle connections. We will break into small groups to discuss ideas for the future, highlighting problems and identifying opportunities. Ideas from each group will be reported back to all participants.

Open Design Studio

Tuesday, April 17 & Wednesday, April 18, 9am to 8pm. Thursday, April 19, 9am to 1pm

The design studio will be open to the public, so stop in and see what the consultant team is up to, share ideas and check out the process. This is an opportunity to provide input as ideas are evolving!

Lunch and Learns

Tuesday, April 17 and Wednesday, April 18, 12 to 1pm

Bring lunch and watch a presentation on a specific aspect of the project. On Tuesday, the presentation will focus on Transportation and on Wednesday, the presentation will focus on Form-Based Coding.

Citizens Advisory Committee Meeting

Wednesday, April 18, 3 to 4:30pm

The Citizens Advisory Committee will meet to discuss the charrette progress and offer their insights. This meeting is open to the general public but no comments will be taken.

Charrette Closing*

Thursday, April 19, 5 to 8pm

On Thursday afternoon, head over to the Commission Chamber at the Municipal Government Complex to see a summary of the week's work, view progress so far and learn about next steps.

For your convenience, two formal presentations will be held. Each presentation will be exactly the same. The first presentation will start at 5:30pm and the second presentation will start at 7pm.

Before and after each presentation, view project drawings around the room, consultant team members will be on hand to answer any questions that you may have.

See you April 16, tell your friends and neighbors!
